

Institute for Legal Support and Technical Assistance

Are you interested in doing an internship with us in Laos?

The **Institute for Legal Support and Technical Assistance (ILSTA)** is an Institute set up by legal professionals from international development organisations, national development agencies, academia, and the private sector. ILSTA is set up and registered in Luxembourg and works as a partner organisation for Luxembourg's development cooperation in Laos. The policy of ILSTA is to respond directly, in partnership with national authorities, to the needs of training and capacity building

Our international team works closely with our Lao counterparts as well as other development partners on a range of different topics. As we support capacity development our work includes various kinds of research assignments, interactive trainings, development of learning material, communication and information management.

ILSTA is looking for Interns (timeframe: 3-6 months)

The person(s) we are looking for:

- have a background in law or other relevant disciplines,
- got previous experience from working with people from different kinds of educational and cultural backgrounds,
- are a team players, willing to engage in a variety of tasks,
- have a solid English language proficiency.

We are offering:

- interesting assignments and stimulating environment,
- to contribute to the education of the intern,
- provide you with work experience in a development context.

If interested send us your curriculum vitae and a motivation letter to: contact@ilsta.org describing in what way you believe you can contribute to our work.
